- *Home and Away* magazine

Central Canal

In the 1830’s, the Central Canal was envisioned as part of an eight-canal system to cross the state and link major points of commerce. After three years of construction and the introduction of railroads, debts halted the project, leaving the Central Canal with no connections to other navigable waterways. In 1881, the Indianapolis Water Company purchased the canal. The Central Canal is still a primary source of drinking water for the Indianapolis area and receives its water from the White River. The Central Canal Towpath provides connection from Broad Ripple to Downtown along the historic canal.

Additional greenways traverse the region, including Eagle Creek Trail, Fall Creek Trail, Little Buck Creek Trail, Pennsy Rail Trail, Pleasant Run Trail, Pogues Run Trail, White River Trail, White Lick Creek Trail, Zionsville Rail Trail, Tracy Trail, Landersdale Trail, 146th Street Trail, Vandalia Trail, Carey Road Trail and many others.

Bicycling

There are currently 64 miles of on-street bike lanes in operation in Marion County with another 200+ miles planned. With 25 stations and 250 bikes located on or near the Indianapolis Cultural Trail, the Pacers Bikeshare bicycles are available to anyone with a 24-Hour Pass or Annual Membership.
